WODGODZ 2024
November 9-10, 2024
Shreveport Convention Center
Shreveport, LA

SPONSORSHIP SUMMARY

Objective

Provide a fitness competition in Shreveport, LA for local and regional athletes to test themselves against some of the best athletes this sport has to offer. With the support of Shreveport Bossier Sports Commission our event will bring local residents as well as out of town guests to the area for a two day event. Wod Godz will be the first and only competition of this size and scope within a three hour drive. Our target draw is a six hour driving distance (approximately 300 miles) and will include friends and families of the athlete. We will have 300-500 athletes, so this translates to 900-1600 visitors in addition to the athlete. The exposure for the sponsoring client will be across multiple platforms of social media, print, video, and via our website. There will be significant exposure during the weekend of the event available.

Target Demographics

The Wod Godz target audience is male and female competitors ranging in age from 20-60 years. The athletes will bring an average of 3.2 “others” with them. This includes friends and family, support staff, trainers, coaches, and therapists. There are nine local “gyms” that engage in this type of training regularly with at least 100 members. Our polling suggests that one-third to one-half of these members would come as spectators, and likely bring at least one visitor with them.

Levels of Sponsorship

- **Presenting Sponsor—\$25,000—**(This partnership will be limited to one partner) It will include a Presenting Partnership for the online qualifier
 - Lead Up
 - Exclusive naming rights as Wod Godz Presenting Sponsor, i.e. Wod Godz presented by “*your business name*”
